

Henry Wise Wood High School

School Digital Citizenship Plan 2024-25

Purpose: [Digital Citizenship](#) is about using technology and participating in digital environments. It is key to helping our students learn to use available technology responsibly in the classroom and beyond. Our school has a Digital Citizenship Plan that is updated annually, addressing how we work to build a community where we live and work together as digital citizens.

Relevant contextual information about your school and School Development Plan:

- Student population of 1905 - diverse in programming (GATE, IB, ACCESS, PLP, LEAD) as well as a large contingent of English as an Additional Language learners, International Students, and students who have the support of an Individual Program Plan.
- As a designated 'closed' high school, we anticipate our school population growth to stabilize in the coming year.
- School Development Plan for 2024-25 will focus on student success in course completion towards improving High School Completion rates.
- Particular focus will be in supporting students at risk of course completion and analysis of data with our English as an Additional Language student population and self-identified Indigenous students.

Relevant evidence and data that informs your Digital Citizenship Plan:

- Students have access to, and are encouraged to utilize, a variety of online tools that meet their needs and interests including Brightspace (D2L) are aligned and integrated to promote student learning goals
- CBE Student Survey Data indicating:
 - A need to develop a sense of belonging and inclusion in the school
 - Knowing how to set goals to improve learning
- Progressive discipline approach to student interventions in misuse of technology
- Five bookable computer labs and 5 Laptop carts.

School Digital Citizenship Plan						Progress		
Long Term Goal	Competency	Short Term Goals	Outcomes	Activities & Resources	Measures	November	January	June
Students will be aware of acceptable uses of technology and grow as responsible digital citizens	Digital Self Digital Interactions Hardware Use SDP Well Being	Student digital content (school based and personal) will be respectful and demonstrate integrity and responsibility	Students will participate in online portions of their classes in a respectful way Students will understand that negative actions online can be hurtful. They will explore how to treat one another in inclusive and respectful ways. Students will understand impacts of their own digital thumbprint online. Students will understand when, where and how to use technology in acceptable ways within and outside of our building Students will effectively cite sources and use source material in an academic setting appropriately; understanding implications of using generative AI.	Student Handbook Student Personal Mobile Device Policy CBE AR 1067: Use of Social Media CBE AR 6031: Welcome, Safe, Caring and Respectful Learning and Work Environments HWW Acceptable Use Policy Brightspace by D2L G Suite for Education School Resource Officer Whole school assemblies and teacher classroom conversations	An increasing amount of students demonstrate responsible behavior when participating in online activities (Brightspace, email, discussions, G suite) An increasing number of students respond to inappropriate on-line behaviour appropriately (using their strategies, reporting to school personnel) Student confiscation of Personal Mobile Devices will decrease.			
Student will be aware of and access a variety of materials online to support their learning	Digital Learning Student Ownership SDP – Outcomes-based Assessment	Students access online and off line resources that are aligned and integrated to promote individualized learning goals	Students will engage in course specific platforms Students will critically evaluate digital sources to support their learning in their classes Students will engage in digital citizenship activities in Warrior Connect	Brightspace by D2L G Suite for Education	Student will continue to access online course based materials through their course sites			

- Next Steps & Focuses for the Coming School Year**
- Enhancing physical resources- ports, laptop carts
 - Visioning 3 Year Technology Plan
 - Ensuring we build out technology resources to support the enrollment growth
